

## **Safety fence installation on Long Gully Bridge, Northbridge - Completion of work**

The Roads and Traffic Authority (RTA) has completed installing the safety fence on Long Gully Bridge, Northbridge.

This \$1.5 million project was fully funded by the NSW Government and was undertaken as a result of the NSW Coroner's recommendations to improve public safety on and under the bridge.

The RTA would like to thank you for your patience and apologise again for any inconvenience this work may have caused.

### **If you would like further information about the project you can:**
