Mr Greg Woodhams
Environmental Services Director
Willoughby City Council
PO Box 57
CHATSWOOD NSW 2057

Dear Mr Woodhams

Re: Draft Clive Park Reserve Action Plan

The Association has reviewed the above draft action plan and takes no exception to the specific actions listed on the plan, as far as they go.

We have two comments to offer in regard to the draft action plan:

1. There is no action proposed for preservation of the heritage-listed harbour wading pool in Clive Park. The pool was constructed by Northbridge VDC Association volunteers in 1946 and has historic significance. The pool walls and net have partly disintegrated. We do NOT want the pool restored or the walls to be demolished. We simply request that the walls be maintained and preserved so that they don't disintegrate further or present a hazard. We also suggest that a plaque be erected at the site to note the history of the pool.
2. We are also concerned that there are no actions listed to prevent rubbish and debris being deposited in the harbour and on Clive Park beach from the storm water system.

Yours sincerely

Peter McNair
President
