Mr Nick Tobin  
General Manager  
Willoughby City Council  
PO Box 57  
CHATSWOOD NSW 2057

Dear Mr Tobin

**Re: Pedestrian access to Northbridge Plaza**

NPA members have brought to our attention that pedestrian access and egress from Harden Ave into and out of Council's car park at Northbridge Plaza is very hazardous. There is no footpath and there are no marked pedestrian walkways. It is particularly dangerous for pedestrians with strollers or young children.

Of course, the problem is more general in Council's car park. There are no defined pedestrian zones to separate pedestrians from vehicles. It is a dangerous place for pedestrians, particularly those with loaded trolleys.

We would appreciate Council looking into these matters to try to maximize safety for pedestrians in and around the Council car park.

Yours sincerely

Peter McNair  
President
