January 16 2012

Mr Greg Woodhams  
Environmental services Director  
Willoughby City Council  
PO Box 57  
CHATSWOOD NSW 2057

Dear Mr Woodhams

**Re: DA-2011/597**  
**Upgrade works at Northbridge Plaza Shopping Centre**

We have reviewed the above DA and do not object to the proposed external alterations and additions to the existing building facades and the proposed new signage.

We would like to register NPA's disappointment that the upgrade does not include improvements to the internal access in the centre. The steep ramps and lack of a lift make shopping impossible for some elderly members of the community.

We would also like to encourage Council and the managers of Northbridge Plaza to collaborate to improve the safety of Council's car park at the Plaza. We believe that improvements to the surface and simple separations of pedestrians from the traffic flow could be achieved without undue expenditure.

Yours sincerely

Peter McNair  
President
