Dear Mr Tobin

Re: Northbridge traffic study

The Committee of the Association has asked me to write to you to remind you that we sent letters to you dated March 24 and August 5 2010 requesting that a comprehensive traffic study be carried out in Northbridge.

We note that Steven Head, in his October 12 email to Cr Giles-Gidney, said: "... subject to us being able to find the funds we intend to include a traffic study for Northbridge (exact area to be determined) in the list of Priority Improvement Programme Projects for next year. I will provide a letter to NPA confirming our intentions."

However, to date, we have had no formal response to our letters that we can report to our members, hopefully at our next meeting on December 8.

Yours sincerely

Peter McNair
President
