Dear Mr Head

**Re: Signs erected at Northbridge Park**

We note that someone (not identified) has erected signs at the entrances to Northbridge Park in Sailors Bay Rd and Weemala Rd reading:

*Warning  
Entry onto the golf course is at your own risk  
due to golf balls being hit at any time.*

The committee of the Association believes that these signs are not appropriate for a public park. They imply that the public should not be in the park which, of course, is open to anyone.

We request that the signs be removed or made more “friendly”. For example, they could read simply:

*When entering this public park, please be aware of the risks of golf balls*

or a similar tone.

Yours sincerely

Peter McNair  
President
