Dear Mayor Reilly

**Re: Northbridge Oval re-surfacing**

Northbridge Progress Association wishes to congratulate Council on the magnificent new surface on Northbridge Oval and the new floodlighting. The project was completed efficiently, the oval looks splendid, and we understand from Northbridge Football Club that players are delighted with it.

This is the third excellent major project completed by Council in Northbridge in recent years – the others being the new park and playground at Warners Park and the fine new Branch Library.

We look forward to working with Council in future to further improve the suburb.

Please pass on our congratulations to Council Officers involved.

Yours sincerely

Peter McNair, President
