Dear Mr Tobin

**Re: Sailors Bay Creek**

At a General Meeting of Northbridge Progress Association in December, a member proposed that signs be erected on Eastern Valley Way to show the location of Sailors Bay Creek. He noted that the creek has great historic significance for the suburbs of Northbridge and Castlecrag; the creek supported the original market gardens and Warners Dairy; it currently provides recreation for families and walkers; and is the source for Sailors Bay.

There was general agreement at our meeting that this was a good idea and we commend it to you for your early consideration.

NPA requests that Council and RTA erect signs in Eastern Valley Way showing the location of Sailors Bay Creek.

Yours sincerely

Peter McNair  
President
